407

Alligator Shear

McIntyre 407 Shear

An affordable efficient 407mm (16") blade shear with enough power and speed to handle a wide variety of cutting tasks

Robust, affordable, efficient

Built originally for scrapyards use, the McIntyre 407 shear is robust enough to withstand the most difficult of working environments. It is now our most popular alligator shear with more than 2000 still in daily use worldwide. The McIntyre 407 is able to handle; automotive scrap, whole gear boxes, cylinder heads and blocks, oversized gate valves and of course all the usual non ferrous metal separations. The 407 can also be used to cut ferrous metals.

Why is this the best for you?

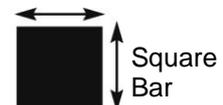

- robust
- easy to use
- powerful
- long lasting blades
