

 **McIntyre**  
The gold standard in recycling systems

**McIntyre Wrights**  
**Super Stripper 170**

## Wrights 170 Cable Stripper

**A British built machine, these strippers are designed to withstand the rigor of working yards for many years and are built to last.**

### Versatile

This versatile cable stripper strips insulation from copper or aluminum wires producing a clean upgraded product and can also process a variety of different types of cable, including:

**Ali & copper quadrant**  
**Steel Wire Armour (SWA)**  
**PVC**  
**Nylon and**  
**Greasy paper**  
to name a few

It is a fantastic machine and requires one easy adjustment for the various sizes of cable you are wanting to strip. Comes complete with a sorting table making fast, simple and effective work when sorting and stripping the processed cables.

## Technical Data

<b>Overall Length:</b>	1000mm / 39.4"
<b>Width:</b>	640mm / 25.2"
<b>Height:</b>	1270mm / 50"
<b>Working height:</b>	980mm / 38.5"
<b>Weight:</b>	800kg
<b>Motors:</b>	3 phase: 2 kW (2.7Hp)
<b>Cutting Speed:</b>	27m per minute (88.5ft per minute)
<b>Cutting Capacity:</b>	3 – 75mm (1/4" - 3")

*While we make every effort to ensure that our information is correct, technical data is for guidance only and subject to change. If any dimension or performance indication is important to you, please check with us before ordering.*

### Why is this the best for you?

Can easily process:

- cores from armoured cable
- quadrant
- low grade cable
- one easy adjustment for all sizes
- low line fork lifting points
- heavy insulated conducts

### About McIntyre Recycling Systems & Services

McIntyre is the gold standard in recycling systems and services, with 27,000 machines installed worldwide and a reputation for the widest and best-performing range of solutions for metal, waste, cars and aluminium. With scrap metal roots extending back to 1872, we have an unrivalled understanding of the challenges faced by scrap merchants, waste managers, car breakers, manufacturers, foundry managers and others with recycling responsibilities. As a result, the McIntyre name has become synonymous with innovative, problem-solving designs, robust products that deliver the best return on investment, and a knowledgeable, friendly and helpful service.
